

@balloo/core-ui

Core UI components for Balloo platform with DesignContract enforcement.

DesignContract Rule: `border-radius: 0` - No rounded corners allowed.

Installation

```
pnpm add @balloo/core-ui
```

Components

Component	Description	Status
Button	Action button	☒
Modal	Dialog modal	☒
Alert	Toast notification	☒
Card	Container card	☒

Usage

Button

```
import { Button } from '@balloo/core-ui';

<Button variant="primary" size="md">Click me</Button>
```

Modal

```
import { Modal } from '@balloo/core-ui';

<Modal isOpen={isOpen} onClose={onClose} title="Title">
  Content
</Modal>
```

Alert

```
import { Alert } from '@balloo/core-ui';
```

```
<Alert message="Success!" type="success" onClose={onClose} />
```

Card

```
import { Card } from '@balloo/core-ui';

<Card variant="elevated" padding="4">Content</Card>
```

Design Tokens

```
import { BORDER_RADIUS, COLORS, SPACING } from '@balloo/core-ui';

// Always 0 - DesignContract enforced
console.log(BORDER_RADIUS.none); // '0'

// Brand colors
console.log(COLORS.primary); // '#0039A6'
```

DesignContract

CRITICAL: All components MUST enforce:

- ☒ **border-radius: 0** (no rounded corners)
- ☒ Sharp, modern aesthetic

Forbidden:

- ✗ Tailwind **rounded*** classes
- ✗ Inline **borderRadius** styles > 0

Migration

Phase 8 - Extracted from `messenger/src/components/ui/`
