EXECUTIVE SUMMARY

Этот отчёт документирует процесс **реконструкции дизайн-системы Balloo** из существующих артефактов проекта.

Ключевой принцип: Дизайн реконструирован из существующих источников истины, а не выдуман заново.

DESIGN INVARIANTS (Confirmed)

Critical (Never Violate)

1. **border-radius: 0** — No rounded corners anywhere
 - Evidence: DesignContract.md, globals.css (`--radius: 0`)
 - Enforcement: Build-time validation (future)
2. **border: 2px solid** — Default border width
 - Evidence: globals.css (all component styles)
3. **3 themes only** — dark, light, russia
 - Evidence: ThemeContract.md, globals.css
4. **System fonts** — No custom font imports
 - Evidence: globals.css (`font-family: -apple-system...`)
5. **8px clear space** — Around logo
 - Evidence: BrandContract.md

Strong (Should Follow)

1. **44px touch targets** — On mobile
 - Evidence: globals.css (`@media (max-width: 640px)`)
2. **High contrast** — WCAG AA minimum
 - Evidence: Color choices in globals.css
3. **Consistent spacing** — Use token scale
 - Evidence: Component measurements
